**Health System**

## An Integrated Network of Care

The Valley Health System is a network of six acute care hospitals, one specialty hospital and affiliated physician practices, freestanding emergency departments (FEDs) and outpatient services throughout Southern Nevada and surrounding communities.

Accredited by The Joint Commission, the hospitals offer a comprehensive array of medical services including cardiovascular, maternity and women's health, neurosciences, emergency and surgical care, along with specialty programs in pediatrics, wound care, bariatric surgery, acute rehabilitation and behavioral health.

Patient safety and high-quality care are mandatory practices within The Valley Health System hospitals. The Valley Health System works with a variety of agencies and utilizes national, evidence-based medical guidelines to help achieve the best possible outcomes for patients.

Our commitment to these standards is evidenced by our various accreditations and certifications, including The Joint Commission: Chest Pain, Heart Failure, Stroke and Total Knee and Total Hip Replacement certification.

Patient safety and quality care have always been our highest priorities. Our hospitals have received numerous awards and recognitions from The Leapfrog Group and *U.S. News and World Report*, and specialty certifications from The Joint Commission, American Heart Association® and American Stroke Association®.

We greatly appreciate your continued support of our healthcare providers and facilities throughout Southern Nevada. Together we are making a positive difference in the lives of others.

Thank you for entrusting your care to us.

## Our 2024/2025 Milestones

### Centennial Hills Hospital

Centennial Hills Hospital was named a High Performing Hospital for COPD, Heart Failure, Hip Replacement and Stroke (2024-2025) and Maternity Care (2024) by *U.S. News & World Report*. It also earned The Joint Commission's Gold Seal of Approval® and the American Stroke Association® Heart-Check Mark as a Certified Thrombectomy-Capable Stroke Center. The hospital opened its second FED, ER at West Craig Road.

### Henderson Hospital

Henderson Hospital received its thirteenth consecutive "A" safety grade from The Leapfrog Group in 2024. It was named a High Performing Hospital for Heart Failure and Hip Replacement (2024-2025) by *U.S. News & World Report* and one of the nation's 100 Top Hospitals® by Fortune and Premier's PINC AITM. The hospital opened its second FED, ER at Cadence.

### Spring Valley Hospital

Spring Valley Hospital was named a High-Performing Hospital for COPD, Heart Attack, Heart Failure, Hip Replacement and Kidney Failure (2024-2025) by *U.S. News and World Report*.

### Summerlin Hospital

Summerlin Hospital was named a High Performing Hospital for Heart Failure; Kidney Failure and Leukemia, Lymphoma and Myeloma Surgery (2024-2025) by *U.S. News & World Report*. The hospital opened its first FED, ER at South Summerlin.

### Valley Hospital

Valley Hospital was named a High Performing Hospital for Heart Attack, Heart Failure and Kidney Failure (2024-2025) by *U.S. News & World Report*. The hospital received an "A" safety grade from The Leapfrog Group and opened its second and third FEDs, ER at Desert Springs and ER at North Las Vegas.

These are just a few of our many Awards & Accreditations. Learn more at [valleyhealthsystemlv.com/awards](https://valleyhealthsystemlv.com/awards)

## New & Noteworthy

### West Henderson Hospital Is Now Open

The newest acute care hospital of The Valley Health System, West Henderson Hospital, opened its doors for patient care on December 3, 2024.

Since opening, it has been providing quality healthcare to residents of West Henderson, South Las Vegas and surrounding communities.

Services offered at the 150-bed acute care hospital include:

- **Emergency Department**
- **Cardiac Catheterization Labs**
- **Surgical Suites**
- **Endoscopy Suites for Gastroenterology Needs**
- **Interventional Radiology/Special Procedures Lab**
- **Advanced Imaging**

Each of these teams is supported by in-house laboratory, radiology, pharmacy and therapy departments.

## Boosting the Local Economy

The Valley Health System is proud to contribute to the health of the community and boost the local economy. Our numbers tell our story - we are the largest provider of healthcare services in Southern Nevada. Our hospitals offer many rewarding career opportunities and training for the next generation of healthcare providers
