## An Integrated Network of Care

The Valley Health System is a network of six acute care hospitals, one specialty hospital, two behavioral health centers and affiliated physician practices, freestanding emergency departments (FEDs) and outpatient services throughout Southern Nevada and surrounding communities.

Accredited by The Joint Commission, the hospitals offer a comprehensive array of medical services including cardiovascular, maternity and women's health, neurosciences, emergency and surgical care, along with specialty programs in pediatrics, wound care, bariatric surgery, acute rehabilitation and behavioral health.

The Valley Health System works with a variety of agencies and utilizes national, evidence-based medical guidelines to help achieve the best possible outcomes for patients. Patient safety and quality care have always been our highest priorities, as evidenced by our various accreditations and certifications.

Our hospitals have received numerous awards and recognitions from The Leapfrog Group and *U.S. News and World Report*, and specialty certifications from The Joint Commission, American Heart Association® and American Stroke Association®.

We greatly appreciate your continued support of our healthcare providers and facilities throughout Southern Nevada. Together we are making a positive difference in the lives of others.

**Thank you for entrusting your care to us.**

## Our 2025 Milestones

**Centennial Hills Hospital** rolled out Aquablation® therapy for enlarged prostate, Sonata treatment for fibroids and Zephyr® valve treatment for COPD and emphysema.

**Henderson Hospital** was certified by The Joint Commission for hip and knee replacement.

**Spring Mountain Treatment Center** and **Spring Mountain Sahara** are now extensions of Spring Valley Hospital.

**Summerlin Hospital** earned advanced certification as a Comprehensive Heart Attack Center from the American Heart Association®.
